**CPD Overview**

---

Neolith is synonymous with quality, versatility, durability and sustainability as well as class, elegance, style and subtleness. It was created to meet the most demanding needs in the world of architecture and interior design with all the different collections which are suitable for any type of application including kitchen countertops, bathrooms, facades, flooring and even furniture.

As a sustainable and environmentally-friendly brand, Neolith's ambition is to position itself as the number one choice around the world for professionals and consumers by helping to create unique spaces and generating extraordinary brand experiences.

Neolith's commitment to a sustainable future is unquestionable. Carbon neutral, 100% natural minerals, up to 98% recycled content, EPD certified. Neolith is scratch resistant, UV resistant, heat resistant, non porous, the perfect solution for indoor and outdoor projects.
